Georgia Tech

Cobb County Georgia

To whom this may concern,

I am writing to express my enthusiastic interest in the Research Security position at Georgia Tech, as advertised on Indeed. With approximately a year of experience in network security, threat intelligence, incident response, risk management and a proven track record of being detail-oriented, I am confident I possess the skills and dedication necessary to significantly contribute to your team's success in safeguarding critical assets.

In my previous role at Innovacx Enterprise Innovation, I was responsible for adding and removing permissions for CRM users. Also, I successfully assisted in the creation and implementation of workflows. Additionally, in my role at Progressive, I have exceeded in educating our customers in property risks. Thank you for your time and consideration. My resume, attached for your review, provides further detail on my qualifications.

Cordially yours,

Bilaal Vasser
